McNichol, Dr Oskar a. Nov 1913.

November 10th, 1913

Dr. G. A. McNichol,

386 Parliament Street,

Toronto.

Dear Dr. McNichol:

I will refer your application to Mr. Cameron, the head of the department of Surgery, and to Dr. Watson, the head of the Department of Gynaecology so that they may have your name before them when they intend to make new appointments to the staff. I should advise you to speak to both of these gentlemen with regard to the matter.

Yours sincerely,

President.

386 Parliament St.

Toronto, Nov 9 1913

Mr Robert A Falconer
President University Toronto

Dear Sir

Some time ago I had an interview with you in regards to securing an appointment in Clinical Surgery & Gynaecology - at that time the appointments had been made -
If in the near future there are going to be any more appointments I would like to have my application before you -
I am a Graduate in Arts. Secured the medal in my final year in Medicine - Spent two years in post graduate work in the old country

and have been Demonstrating Anatomy for four years.
I naturally feel if that there are to be any increase in the Clinical Staff that my application should be considered favorably on account of my connection with the Anatomical Department.

I remain Yours Very truly

Dr. Robt. McNicholl
